Meeting Evaluation Summary
August 24, 2016

1) Please check the extent to which you agree or disagree with each of the following statements:

	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree	Totals
• The meeting was well facilitated.		1		5	10	16
• The subcommittee presentations were useful.		1		6	9	16
• I had the opportunity to contribute to the subcommittee workgroup breakout sessions.		1		5	10	16

2) How could the meeting content, process and/or agenda have been improved?

***denotes more than one respondent**

- More focus on what to do between meetings
- Learn more about how we could help people in the group advance their goals
- Have some specific item to talk about to improve focus
- Breakout could have been facilitated better; start with objectives of session too
- I would like to see the meetings have a second day. Two and a half day meeting; first day just like today and second day to drill down the ideas that were discussed on the first day. Day 1 = concept; Day 2 = strategy
- A quick overview of each subcommittee before breakout sessions next time would be great!
- I appreciate that the process met us where we are and as such, moved us forward
- It would have been beneficial to get an overall brief description at the beginning of the group for new members who are uninformed

3) What aspect of the meeting (if any) was most valuable?

- I enjoyed the discussion during the small breakout session; valuable***
- Report back; report from subcommittees really tied things together*
- Bill was awesome, Bill's presentation*
- Open environment, without criticism or disvalue of other's ideas
- The breakout sessions were created in a very informative and open type of way.
- I appreciated the complete interaction from all people involved
- Loved the rich data that came out of the breakout sessions
- Overall tone and energy was great. Great meeting!*
- I really appreciate the openness and safe space and encouragement to be honest; makes HSC so different from other meetings; extremely valuable

- Learning about Racial Impact report and how they can impact decision making for the betterment of underserved
- The clear alignment of the subcommittees in vision, goals, and focus

4) If you have recommendations for next steps or other comments, please provide them here:

- Increase the participation by new members
- Establish/breakdown small achievable steps then bring ideas above who/what organizations can do
- What each member can bring to the table; assess capability/resources and be able to find good fit for each small achievable tasks
- Great meeting; I hope we can actually make progress; action items!
- Thank you all for your expertise and leadership. I feel so blessed and honored to work and be in relationship (albeit, a growing one) with each of you
- Implementation now!
- Maybe creating a platform for us all to communicate and stay in contact outside of meetings
- Specific Topics
- Let's keep moving!
