Chance of Graduating From High School 55%

ZIP CODE 93923
Chance of Graduating From High School 98%

**your zip code** should not determine the length of your life. this year, california legislators and governor jerry brown recognized that health happens in neighborhoods. the california endowment would like to thank california’s leaders for taking steps to make our communities and our state stronger.

**ab 181** (peralta) brings grocery stores to neighborhoods where they are needed.

**ab 6** (brown) eliminates bureaucratic red tape for families who need access to healthy food.

**sb 20** (padilla) gives california the facts about restaurant food.

**k 21** (white) recognizes local land use planning to include improvement of disadvantaged communities.

**“blueprint for great schools”** (chris superintendent of public instruction tom tokinaga): connects health and fitness to academic success.

**ab 9** “dodd’s law” (amiciamia) ab 1156 (eng): prevents bullying.

**sb 1290** (delucchi): makes schools with after school education and safety programs eligible to receive a supplemental operations grant.

**ab 1333** and ab 796 (budnick): establish the linked learning pilot program and adds career technical education to high school graduation requirements.

**ab 468** (khan): streamlines information from school fund programs to determine california eligibility for low-income families.
