The Vision of the Healthy Sacramento Coalition (HSC) is to eliminate inequities in Sacramento through advocacy and convening of resources. With a mission to eliminate racialized health inequities in Sacramento through movements that advance policy and system change resulting in neighborhood impact.

Next Steering Committee meeting date: Thursday, March 2, 2017, from 9 a.m. to 12 p.m. (at Sierra Health Foundation)

Welcome
Ashlin Malouf, Executive Director, Sacramento ACT and Steering Committee Co-Chair, opened the meeting and reviewed the agenda.

Focus Group with PolicyLink
Mary Lee, Deputy Director, PolicyLink outlined the PolicyLink project and introduced the purpose of creating equity profiles and drafting a narrative for different regions to direct the advocacy focus. PolicyLink team members then conducted a focus group on racial, economic and health equity in Sacramento communities. The group discussed the challenges and gaps, but also what is working to inform the Sacramento profile and determining issues the Steering Committee wants to raise up in the report.

Steering Committee members reported that they wanted to include data around the following:
- How tax dollars are being distributed by region?
- Who has access to financial credit lines?
- Reinvestment data for Prop 47.
- Behavioral health, mental health and substance abuse.
- Food access and security.
- There was concern the counties represented in the Sacramento region (Yolo, Placer and Sacramento) are incredibly different and that it would be worthwhile having interviews, to be set up by phone, for each of the different areas to inform the narrative.
- The Steering Committee will be responsible for getting the community narrative to accompany and tell the data story.

Steering Committee Meeting Discussion
Gina Warren, President, Neighborhood Wellness Foundation and Steering Committee Co-Chair, led members in reviewing and determining next steps specific to the Steering Committee.
