To improve the health of low-income students in Manteca by providing nutrition education, cooking lessons and gardening at the After School Advantage Program sites.

Karuk Tribe of California
Rural: Siskiyou
$15,000 – Food Security
To improve the health, education and well-being of the Happy Camp community through the Karuk Tribe’s creation of a three-garden network, including a Native Plants Demonstration Garden, providing access to local and traditional foods, improved landscape and a re-connection to the Native foods that form the basis of tribal identity.
Keaton Raphael Memorial for Neuroblastoma, Inc.
Urban and Rural: Regional
$15,000 – Chronic Diseases
To improve patient care and increase access to care and resources among childhood cancer families, primarily Latino families, by providing information, referrals and linkages to services.

Mayers Memorial Hospital District
Rural: Shasta, Lassen and Modoc
$15,000 – Access to Health Services
To improve health outcomes of those living in remote northeastern California by purchasing a new ambulance to provide patients with reliable, safe transportation to emergency treatment.

Partners in Care of El Dorado County, Inc.
Urban and Rural: El Dorado
$15,000 – Access to Health Services/Chronic Diseases
To improve the health status and living conditions of low-income, often homeless, clients with chronic physical and behavioral health conditions needing intensive support by connecting them with care and services through community-based case management/patient navigation.

Planned Parenthood Mar Monte, Inc.
Urban and Rural: Stanislaus
$15,000 – Access to Health Services
To prevent sexually transmitted diseases and unplanned pregnancies through community outreach to educate and empower young men to make healthy decisions and link them to preventive services.

Plumas Rural Services, Inc.
Rural: Plumas
$15,000 – Aging in Place
To promote the healthy aging of Plumas County seniors by reducing isolation, strengthening social ties, and increasing access to services and peer support through a time bank for services by and for seniors.

Sacramento Area Emergency Housing Center
Urban: Sacramento
$15,000 – Access to Health Services/Case Management
To improve health, wellness and socio-economic status of chronically homeless disabled senior adults in permanent supportive housing through linkages to services and case management support.

Sacramento Independent Learning Center Corporation
Urban: Sacramento
$15,000 – Education/Graduation Rates
To improve educational outcomes of students of color by engaging youth and others in promoting the Sacramento City Unified School District's Positive School Climate policy.
Sierra Business Council  
Rural: Sierra Nevada Region  
$15,000 – Air Quality  
To enhance well-being in the Sierra Nevada region by addressing climate change challenges through the development of a multi-sectoral, regional climate change adaptation network and increasing their readiness to access public resources to address climate change.

Sierra Nevada Memorial Hospital Foundation  
Rural: Nevada, Placer and Sierra  
$15,000 – Mental Health/Telemedicine  
To improve outcomes for mental health patients and reduce emergency room visits by increasing access to emergency care in rural western Nevada County through telemedicine mental health.

Southeast Asia Resource Action Center  
Urban: Sacramento and San Joaquin  
$15,000 – Access to Health Services  
To increase health coverage for Southeast Asian Americans by mobilizing community stakeholders to partner with county Medi-Cal agencies and conduct advocacy at county and state agencies.

Tri County Community Network  
Rural: Shasta  
$3,390 – Employment Skills/Health Information Technology  
To improve quality of life for rural residents by enhancing the provision of employment, mental health, parenting, nutrition and financial literacy resources through technology equipment.

Valley Oak Children’s Services, Inc.  
Urban and Rural: Butte  
$15,000 – Violence Prevention/Strengthening Families  
To improve healthy development outcomes for young children in the Gridley/Biggs community through opportunities for parents to build a peer-led network of support in their community.

Yes 2 Kollege Educational Resources  
Urban: Sacramento  
$15,000 – Chronic Diseases  
To empower African-American women and girls to better manage their chronic diseases through self-management, nutrition and physical fitness education and increased access to medical professionals.

Yolo County Children’s Alliance  
Urban: Yolo  
$7,860 – Access to Health Services/Community Organizing  
To improve access to community resources for underserved neighborhoods in West Sacramento through community organizing training of Youth Promotores, who serve as health advocates and educators.
